**Down**

- 1. The Queen of herself. Not much to be said. Christmas more needs to
- 3. So broke, you can't buy yourself a gift for the holidays? Don't bother begging your parents; just do what the classic holiday song \_\_\_\_\_ suggests, and seduce Mr. Claus himself.
- 5. In order to stay relevant to the masses, this boy band is "back again" with a holiday album, because what could be more appealing to audiences than covering the same holiday songs that have been sung over and over again by other artists.
- 6. After applying a sufficient amount of hair pomade to that mop on his head, Justin Bieber is ready to kiss his "shawty" under the \_\_\_\_\_.
- 10. The \_\_\_\_\_ Song, one of the most annoying Christmas songs, sung by three rodents.
- 11. In a classic holiday song, a spoiled, entitled child begs her parents for this endangered mammal.
- 14. Instead of mourning the loss of their grandma who died in a freak accident by getting run over by a \_\_\_\_\_, her family is more concerned about sharing the story of her death with the public in a catchy, up-beat song made to sell during the holiday

**Across**

- 2. A song by two British guys from the '80s about being bitter upon running into their ex during the holiday season. Not even Nurdy Girl can help them get over their saltiness.
- 4. This mean, green character pulled off the most ambitious heist in history... only to be memorialized in an overplayed song typically sung by some elementary school's subpar choir.
- 7. "Baby, it's \_\_\_\_\_," a song about a man coercing a woman to "hang out" with him a little longer, stating that the normal temperature conditions in the winter are too much for her to handle. Cheeky does not condone this song.
- 8. In an effort to be cool and bilingual, Americans like to say " \_\_\_\_\_ " when they can't think of any other creative ways to say "Merry Christmas".
- 9. "Santa Claus is \_\_\_\_\_," a song in which an old man stalks all the children in the world simultaneously and threatens them to behave while he steals their cookies.
- 12. Song from a movie about a snowman called \_\_\_\_\_ who dies and leaves a group of children with severe trauma.
- 13. That dude, Michael \_\_\_\_\_, that once was the modern Frank Sinatra of Christmas but is now reduced to doing sparkling water ads that make fun of his name.

Disclaimer: Cheeky is not responsible for ruining your favorite holiday songs.
